**“I can't ever remember hearing a better choir
in my life.” Bob Chilcott, King's Singers**

Founded in 1920, The Concordia Choir is a unique, world-class institution, one of the finest a cappella groups on the planet. Director Rene Clausen has built on a tradition extending back many decades, creating an extraordinary musical experience at each concert. The technical perfection achieved by these young singers is thrilling in itself; but to hear that perfection put into the service of great artistry--this is what makes every Concordia Choir concert unforgettable.

**Don't miss the stunning beauty of
The Concordia Choir's singing!
